

Waste Management Policy

At Spice Childcare we value our environment and in order to keep our earth safe and healthy for our children we closely monitor the management of our waste and its disposal in accordance with local authority requirements.

Staff are made aware of the need to minimise energy waste and the setting uses appropriate measures to save energy, including:

- Turning off lights when not in use
- Not leaving any equipment on standby
- Unplugging all equipment at the end of its use/the day
- Energy saving wash cycles on the washing machine.

The setting recycles paper waste and ensures that where possible other sources of waste are recycled to reduce the effect on the environment.

We assess our setting's impact on the environment on a regular basis and place procedures in place to counteract this impact.

This policy is reviewed annually and is carefully considered in the best interests of the children, setting and the environment.
